# Message from The Rector

A rare opportunity of a life time is coming your way as you read this catalogue! I personally welcome you to the UA Isuofia and invite you to learn and earn your accredited credential from The U.A College of Science and Technology for the following reasons : no 1. no waiting list no strike - UA accepts JAMB and five credits passes but would still admit those candidates without sufficient JAMB scores to start first as certificate students and later into our full programs. 2. study by traditional class room and intensive apprenticeship method , full time or part-time. 3 study with a prestigious British and American institution. 3. Study with world- class Nigerian, American and British trained professors. Avoid crude and local substandard school study with us and receive your diploma or degree from

our affiliate European colleges or American university. 4. be trained to be high class leaders and elite class of the society by studying quality study materials and in a ventilated classrooms equipped with latest technology, labs, computer lab, and Wi-fi internet access. 5. we help remove all barrier to your future success by assisting you with the visa to travel abroad for education excursion , I.T, research and seminars- learn with future leaders like you in the location of your choice- southern Africa, America , Canada, Europe, Israel and middle east every year. Study with us and you will never be the same!

Sincerely

**Prof Engr. Gamaliel Onyeka .O. Prince**

BA. B.Sc M.Sc. PhD ,D.Sc, PhD Ed, LLD .LittD

## Message from The Deputy Rector

I join the Rector to personally welcome you to our world class prestigious institution of learning where all your dreams of success and greatness are sure to come true .Beware of unaccredited and unapproved drive-by schools claiming unsubstantiated affiliation with a Nigerian university or polytechnic. Do not waste your hard –earned money studying at illegal satellite campuses of any named university or polytechnic. The federal government has warned Nigerian universities to stop offering illegal diplomas, Advanced Diplomas and Higher Diplomas which are legally approved to only be offered by polytechnics. Stay focused, do not be distracted or be side-tracked, make the most of your times at UA. Demand excellence from yourself and strive for it. Remember book before boys, good grades before girls.

***Dr. Shullam Francisca Onyemaobi.***

# 1. THE U.A HISTORY VISION AND MISSION

## About Us

Welcome to The UA College of Science & Technology Isuofia Nigeria -a prestigious and accredited international institution. The reasons why you must choose The UA as the institution of your choice. The U.A College of Science and Technology, part of **The University of America University System** in USA, is a private institution of higher education, delivering unique, career-based programmes in the heart of Nigeria West Africa. We offer the highest standard of education, delivered by highly-qualified faculty with extensive industrial experience. Our focus is on providing internationally-recognized science, engineering, computer science, technology, business and liberal arts courses which allow students to enhance their future career prospects. Many of our courses have Nigerian, British, European and American accreditation, allowing students to obtain a degree that encompasses the best of all four systems.

### VISION AND MISSION

The U.A College of Science and Technology aims to provide quality education within an environment which promotes personal development. Our goal is to help all our students to attain global qualifications, to assist and guide them along their personal development paths and to give them the opportunity to launch their careers with their newly acquired knowledge. We take great pride in knowing every student as an individual and therefore help each one of them reach their future academic and career goals.

#### 1. GOVERNMENT CHARTER,

The UA College of Science & Technology is a tertiary institution chartered by The government of the Federal Republic of Nigeria under the Companies and Allied Matters Act of 1990 with the Registration no **RC1129763**.

#### 2. ACCREDITATION AND RECOGNITION

Licensed and accredited by the Federal Ministry of Education. Listed by Joint Admission and Matriculation Board JAMB Brochure as UAC. to award college/University level Post secondary academic credentials in various fields of engineering, technology, computer science, building/construction technology/brick laying and concreting and the liberal Arts.

Computer hardware engineering, computer software engineering, Networking and systems security engineering.

#### 3. UA C Isuofia is recognized by the JAMB and listed in the JAMB official Universities/colleges and Polytechnic brochure as UAC .

**PROGRAMATIC ACCREDITATION FROM A RECOGNISED UK AWARDING BODY - EDUCATION FOR BUSINESS MANAGERS AND ADMINISTRATORS (EBMA) CAMBRIDGE UK . UA is an EBMA CAMBRIDGE U.K accredited Centre No. 92748.**

EBMA Cambridge is a UK approved awarding body under QAA educational oversight (Educational oversight by a designated body is a requirement for Highly Trusted (HTS) status by UK Universities and Colleges. QAA is the body entrusted with advising the Privy Council on which institutions should be granted degree awarding powers and the right to be called a university and has been recognized as a designated body for higher education providers by the UK Border Agency (UKBA) ) to conduct educational oversight of higher education providers, to enable them to apply for 'highly trusted sponsor' status under UKBA Tier 4 regulations. Providers having, or acquiring, this status are entitled to recruit overseas students into the UK. You can find EBMA in attached document under heading 'list of awarding organization, published by QAA. See also qaa.ac.uk . EBMA is also recognized by various recognized bodies in UK. Please visit link:- <http://www.ebma.org.uk/university.html> . To know more about EBMA, you can visit the page:- <http://www.ebma.org.uk/about-us.html> . The UA College of Science and Technology is also a recognized teaching centre for the EBMA Cambridge U.K Qualifications, offering ND, HNDs, PGCE and PGDIP in Business Administration, Information Technology and Computer Networking, which can lead to the final year of a degree programmes, Masters and Doctorates with thesis -option at various British universities.

#### 4. Affiliations /Memberships

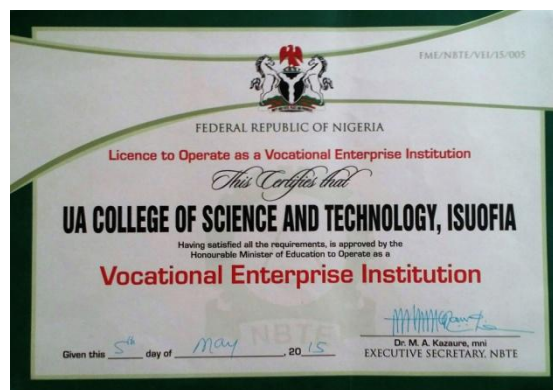

**It is a US and UK, and globally recognized institution.**

**Prestigious University of America Affiliate:** The UA College of Science and Technology is Affiliated with The University of America accredited by the British (ASIC) as a quality provider of further and higher education. Our courses are European Government and American accredited: the degrees are awarded by **The University of America USA and the Universidad San Juan De La Cruz Costa Rica** base course credits transferred from The U.A College of Science and Technology Isuofia.

**5. It is a US, UK, UN and Nigeria recognized institution.**

The UA has international, institutional and programmatic accreditation and recognition in US, UK and globally.

**PhD., English, University of Maryland AT College Parks MD 1989, M.A University of Missouri-Kansas City, Kansas City MO.1981. B.A, English, Tennessee Temple University, Chattanooga ,**

**TNProfessor of English and Baptist History and Culture.** With over 30 years of teaching experience in the field of Early American Literature (I completed my Ph.D. in American Puritanism), my research and publications exploring the intersection of religious nonconformity (mostly Baptists) and British culture and literature, 1650-1850, with an expertise in creating and teaching online courses. Dr Whelan began his teaching college career in 1981 at Liberty University in Lynchburg, VA, and have been teaching at his current institution since 1989, where he teaches World Literature, American Literature, Southern Literature, American Romanticism, and Colonial American Literature. Dr Whelan

currently live in Jacksonville, FL, and attend First Baptist there, as well as the Chinese Christian Church. Given his work in eighteenth and early nineteenth-century British literature, my ground-breaking work with the literature of nonconformist women, my work as general editor of the Crabb Robinson Diary and the implications that project holds for the genre of life writing, Dr Whelan's experience in creating and teaching online courses, and his Christian world-view that enters into everything he teaches, He brings a solid breadth of teaching expertise and scholarly interests to adjunct position as **professor of Baptist History, Early European and American History, English language and Literature.**

In affiliation with The University of America USA/ Universidad De Azteca Mexico and Universidad Central De Nicaragua, those who successfully completed their studies in The UA College of Science and Technology would have the choice of transferring all the credits for further studies and earning a Degree instead of **Dip** or **NID**. Through this affiliation The UA College of Science and Technology graduates earns internationally accredited, recognized and respected diplomas and degrees and be eligible for NYSC, in various fields of their studies .

## **5. DEPARTMENT OF VOCATIONAL STUDIES AND APPRENTICESHIP PROGRAMS**

### **Certificates and Diploma awarded:**

**Level 3 National Vocational Certificate** – successful completion of 1-2 years of training/ Apprenticeship evidenced in writing by your master, Madam or trainer with the company`s letter-head or a certificate of completion .

**Level 4 Diploma** - successful completion of 2- 4 years of training/ Apprenticeship evidenced in writing by your master, Madam or trainer with the company`s letter-head or a certificate of completion .

**Level 5 Higher Diploma** - successful completion of 5- 6 year of training/ Apprenticeship evidenced in writing by your master, Madam or trainer with the company`s letter-head or a certificate of completion .  
**Subjects**

- 1. Aluminum Window Construction Technology** - For individuals who have successfully completed their apprenticeship or experienced Aluminum windows and door makers
- 2. Brick laying and Concreting Technology** - For individuals who have successfully completed their apprenticeship or experienced brick layer, block industry worker
- 3. Furniture and Cabinet Making Technology** - For individuals who have successfully completed their apprenticeship or experienced Upholstery furniture makers
- 4. Paint Making Technology** - For individuals who have successfully completed their apprenticeship or experienced paint makers and painters
- 5. Fashion Designing and Dress Making** - For individuals who have successfully completed their apprenticeship or experienced tailors
- 6. Metal Construction and Welding Technology** - For individuals who have successfully completed their apprenticeship or experienced welders
- 7. Bakery and Fast food Technology** - For individuals who have successfully completed their apprenticeship or experienced bread- making, burns and wedding cake making
- 8. Marketing and Sales** - For individuals who have successfully completed their apprenticeship or experienced of any commodities e,g- Auto spare parts and Accessories
- 9. Commerce and international trade** - For individuals who have successfully completed their apprenticeship or experienced all shop /store/ business owners of any commodity with experience of international travel to import and exporting the goods in their retail store or ware house for whole sale distributorship
- 10. Entrepreneurship and small business** - For individuals who have successfully completed their apprenticeship or experienced all shop/store owners
- 11. interior Decoration** = For individuals who have successfully completed their apprenticeship or experienced curtain and drapes –making
- 12. Auto Mechanic Technology** - For individuals who have successfully completed their apprenticeship or experienced mechanics
- 13. Auto Car body Repair/ Painting Technology** – For individuals who have successfully completed their apprenticeship or experienced panel beaters .
  
- 14. Plumbing Technology** – For individuals who have successfully completed their apprenticeship or experienced Plumbers
  
- 15. Refrigeration and Air condition Technology** – For individuals who have successfully completed their apprenticeship or experienced Air condition and fridge repairer.
  
- 16. Satellite Dish TV. Telecommunication Technology** – For individuals who have successfully completed their apprenticeship or experienced Dish installers for home and commercial building TVs .

**And many more! NVC-N20,000, Diploma –N50,000. Adv Dip/Higher Diploma-\$100,000**

## **4.UA Isuofia Academic Regulations**

### **6.1. The terminal and final examinations,**

All students are required to take an end of semester and end of the year qualifying exam before graduation.

### **6. 2. Penalties for examination malpractices;**

This includes but not limited to cancellation of examination, retaking an entirely new exam under serious supervision, withdrawal/repeat and probation,

### **6.3. Conditions for graduation,**

75% mandatory class attendance

Passing all requisite examination, practicals and fulfilling all financial conditions of the college.

### **6.4. Grading System**

The grading systems for all UA programmes shall be as follows:

***Table 1.0:5 Points Grading***

<b>EXAMINATION SCORE</b>	<b>LETTER GRADING</b>	<b>GRADE POINT</b>	<b>CLASS OF CERTIFICATE</b>
80 and above	A	4.50 - 5.00	Distinction
60 – 79	B	3.50 - 4.49	Upper Credit
50 – 59	C	2.50 - 3.49	Lower Credit
40 – 49	D	2.00 - 2.49	Pass
0 – 39	F	0.00 - 1.99	Fail

### **6.5. Programme Duration**

NID programmes shall last for a minimum of two years and maximum of five years. A total number of 1800 contact hours should be covered in any case before graduation.

NVC programmes shall last a minimum of three years and a maximum of six years. A total of 2700 contact hours must be covered in any case before the NVC Final is attained.

The U.A is at liberty to award modular certificates at the end of a semester of 450 hours for IEs and at the end of a term of 300 hours for VEIs. While the NVC I and II are awarded after the completion of a full 3 and 6 terms respectively.

## **6.6. Method of Assessment/ Evaluation**

The students of the programme(s) shall be assessed/ evaluated by Practical lab and research, Practical project, written paper exams, oral exam, or essay writing or by combination of both. The assessment/evaluation shall cover areas of theory, practical and industrial training.

## **6.7. Industrial Training**

The trainees/students for NIDs shall have 480 hours industrial training per year. These hours can be staggered or taken in block. This is outside the practical experiences embedded in the curriculum. Facilities for this industrial training should be within the same locality and possibly the same vicinity with the institution. The training facilities should be functional, relevant and of acceptable industrial standard.

The industrial training shall be done by daily log book recording and the report shall be endorsed on daily bases by the industry-based supervisor. Every student must have an industry-based supervisor.

## **6.8. Appointment of External Assessor(s)**

External Assessors shall be appointed to moderate the terminal and final examinations as follows:-

- a) The U.A shall require one external assessor from the relevant industry to assess the students' Industrial and Practical works and grade accordingly.
- b) UA shall require two external assessors, one from relevant industry to assess the Industrial and Practical training of students and the other shall come from similar Institution to assess the student academic performance.

## **6.9. Projects**

Final project(s) shall be carried out as follows:-

- a) Students enrolled in vocational certificates shall carryout supervised project comprising physical production only.
- b) Students enrolled in every other programme ranging from the diploma level shall carryout projects comprising physical production and supported by technical write-up.

## **7.0. PHYSICAL RESOURCES**

Adequate physical facilities are made available for teaching the entire programme . Each facility shall be provided for one class stream of 30 – 35. In case of multiple streams the facilities are provided in multiples of the streams. Tidiness and orderliness of physical facilities is considered part of the training. The following must be in place before training commences:

### **7.1. Classrooms**

- i. Classrooms are provided to accommodate a stream of 30 – 35 each.
- ii. Expanded classrooms or theatres where necessary for larger audiences are provided in the 2<sup>nd</sup> floor with audio- visual facilities.
- iii. Classrooms are furnished with permanent benches and other furniture, and properly ventilated, well lit and neatly kept.
- iv. Makeshift lecture location may be provided within the training industry.

## **7.2. Laboratories**

- i. Basic science laboratories where applicable are available to enable the trainee learn the basics of the professional courses.
- ii. Such laboratories should be for streams of 30 – 35. They are :
  - A Provided with permanent furniture.
  - B Adequately provided with water and electricity and properly lighted and ventilated and provided with adequate safety facilities. The minimum list of tools, equipment and instruments needed to equip such laboratories is contained in the guide syllabi. It is also available from the Board on request.

## **7.3. Workshops**

Basic Computer workshops are available to prepare students for the professional courses and industrial training. Such basic workshops may include metal and wood workshops. The workshop should be able to accommodate 20 – 25 students at a time. Workshop is adequately equipped with permanent furniture and ventilated, well lit and secured. Where the institution is part of a production industry, such basic training workshops should be provided within the industry. The minimum list of equipment and tools needed in such basic workshops is also contained in the curriculum and guide specifications and is also available from the Board on request.

## **7.4. Studios and Technology Lab**

Such studios will include: Audio visual facilities, Computer Lab , Building construction and Architectural Drawing studio which are permanently furnished to sit a class stream of 15 – 30 students each.

## **7.5. Training Industry**

Since all the UACST programmes are industry based, all students will be attached to a functional productive industry available in the locality and preferably in the vicinity of the institution to provide the industrial training. All students are expected to spend a minimum of 480 hours a year in the relevant industry. Reliable and legally binding memorandums of understanding (M.O.U.) exist between the UACST institution and the training industry to guarantee the trainee unhindered access to agreed facilities of the industry.

- ii) This memorandum of understanding should be a legal document and should be made available to the visiting team during the approval visit.

- iii) The memorandum of understanding must include supervision of students at work by staff of the industry and must also include grading of daily log book activities of students by staff of the industry.

#### **7.6. Library**

The U.A 's library enough to accommodate a minimum of one third of the reader population at a time. the library is equipped with internet connectivity and related ICT facilities. The library is provided with proper and permanent furniture , adequately lit, ventilated and staffed.

#### **7.7. Staff office**

Staff offices are available for all permanent teaching staff of the programme. A maximum of two lecturers may share a room. Senior lecturers should have individual offices. A staff common room shall be available for part-time/visiting lecturers. Every office should be equipped with appropriate furniture and I.C.T. facilities.

#### **7.8. Programme/ Departmental Office**

There should be a programme/departmental office for academic and administrative record keeping. This should be manned by relevant staff.

#### **7.9. STAFFING**

Four categories of staff are required to service the programmes in The UA Isuofia . These are;

- Teaching Staff
- Service Staff
- Technical and
- Administrative Staff

#### **8.0. Teaching Staff**

Teaching staff will teach the theoretical component and supervise practicals in the programme. They should be resident in the department.

Any course that runs a 2 hours/day and above per semester (total of 150 hours) must be serviced by a permanently employed teaching staff.

Courses of less than 150 hours per semester may be serviced by part time lecturers. Such lecturers must be signed on for a minimum of one semester to ensure that they do not abandon the courses half way.

In U.A , a programme is expected to have a minimum of two lecturers and two instructors while a VEI course should be serviced by a minimum of three (3) instructors.

#### **8.1. Teaching Qualifications**

UA instructors, lecturers and professors are first-class and experienced in their fields of specializations and are made of American, British and Nigerians nationalities.

All UA lecturers possess a minimum of a good HND/honours degree or equivalent professional qualification and a minimum of 4 years cognate experience. While most of them possessed earned masters and Doctorates and are proven industrial experts. For the VEIs teaching staff should have a minimum of HND or equivalent professional qualification and a minimum of 3 years cognate experience.

### **8.2. Service Staff**

These are staffs that teach non-professional courses. They may not be resident in the department.

Service staff should possess similar qualifications as the professional staff.

### **8.3 Technical Staff**

The U.A laboratories, workshops and auxiliary facilities are fully staffed with technicians who must possess ANTC or ND and Workshop Assistants who must possess a minimum of Labour Trade Test II and a minimum of three years experience two of which must be in the relevant industry.

### **8.4 HOD/ Coordinators**

U.A have competent staff who provides academic and administrative leadership for each programme. They all have technical and academic qualifications- a minimum of 6 years cognate experience, 3 of which must be in the relevant industry.

### **8.5. Other Administrative Staff**

The U.A have complement of administrative staff to ensure good record keeping.

### **8.6. REVIEW OF STANDARDS AND CRITERIA**

Please be informed that this brochure document periodically reviewed by the Board in the light of new developments.

**8.7.. Tuition;** tuition are subject to change, students should enquire from the office of the bursar as to what is the accurate tuition. Student must pay at the school designated bank account. No school official is allowed to collect cash or check from any student. All monies must be paid collect into the college bank account. The college will not be responsible for cash or money paid to wrong accounts or to any individuals claiming to represent the college.

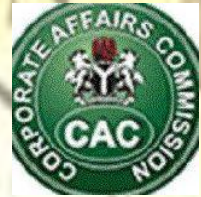

**8.8. Accommodation:** The College has limited accommodation on first come first serve basis. Other students are encouraged to live and attend classes from outside the college dormitory.

**8.9. Campus life:** student must be aware understand that belonging to a gang, cult, exam malpractice, late to class, unexcused absenteeism, tardiness, rioting, fight, disrespecting a lecturer or any UA personnel, disrupting the class, or being caught or arrested in any vices of any moral turpitude e.g. theft, armed robbery, prostitution, murder, tribalism, arson and terrorism, falsification of academic records, fraudulent certificate, smoking drugs, and sex with fellow students faculty and staff of the UA Idufia et cetera, will result in immediate termination, cancellation and withdrawal of my admission and my being a student of UA without any refund.

I \_\_\_\_\_ have read the catalogue of the UNIVERSITY OF AMERICA ( UA/UAZ/UCN/EBMA UK. in its entirety, the return policy and student's policy have been explained to me, I understand that UA/UAZ/UCN/EBMA's programs is not designed for any particular employer, examination/certification boards, local licensing authority of a particular state or country in mind. I understand that anyone wishing to transfer to other schools or studying for certification at a particular region and for employment, should first, inquire about their acceptability of our program before applying. signing underneath signify that I have checked about all these and have made up my mind to apply without coercion or duress or manipulation from any UA official either in person by email or by UA's literature.

I \_\_\_\_\_ hereby agree and consent fully to the following terms and conditions as delineated herein below by the UACST

\_\_\_\_\_ That helping the eligible student is interpreted ad helping with the visa application processes. The university does not guarantee that all the students who applied would be granted the visa. Helping with visa application implies that the UACST will submit a letter of request for visa on behalf of the student to

the respective embassies requesting and explaining the nature of the trip and the need for the embassy to grant visa to the student, supplying all the needed supporting documents that will enabled student stand the chance of obtaining a visa from the embassy and preparing the student for the interview process. The granting of the visa is at the discretion of the embassy of the nation base on the individual student's performance at the visa interview. Thus the UACST cannot guarantee that even every student would be granted a visa by an embassy.

\_\_\_\_\_ I am aware that each eligible student is responsible for visa application fees, flight tickets and other travel expenses. The UACST did not include these fees as part of the student's tuition fees.

\_\_\_\_\_ I am aware and fully understand that only the students who are able to obtain their visas and can afford their travel and accommodation expenses are allowed to participate in the University overseas travel- study.

\_\_\_\_\_ I also understand that UACST Nigeria does not at present award degrees and diplomas that upon completing my respective courses as prescribed by this higher institution, my respective diploma or degree will be awarded by The University of America USA. That the awards- certificate, diploma or degree from this institution is an international British and American Credentials that can be used anywhere in the world, as such that UACST is considered an intemational institution.

\_\_\_\_\_ I am aware that the UACST can terminate a scholarship award granted to the student, if the student failed to meet the academic and moral standards set forth by this institution for maintaining such scholarship.

\_\_\_\_\_ I am aware that no refund is given once the student is registered and attended a class. This also the case in a situation when the student is a distant-learner and has received lecture materials for the program.

\_\_\_\_\_ I am aware that the university reserves the rights to change any of its terms and conditions without notice and cannot be held liable for doing so by the students. Having acknowledged, personally read, initialed and agreed with all the above terms and conditions, I have hereby append my official signature as in the below,

\_\_\_\_\_ Or NCE, OND or Two Years University Diploma with a PASS, CREDIT, MERIT, DISTINCTION OR HIGH DISTICTION grade. Circle the applicable grade.

SUBJECT OF STUDY\_\_\_\_\_

I am a holder of POLY -JAMB, UME-JAMB with the following scores\_\_\_\_\_scores. I have not sat for any Poly or university JAMB. END OF PAGE ONE OF TWO PAGES 1 OF 2. END OF DOCUMENT ONE.

If a scholarship is granted to you, what subject and degree level would you be interested to study at the UACST NIGERIA\_\_\_\_\_ and degree level\_\_\_\_\_

Page 1 Of 2 pages .

In a two- pages hand -written essay, explain why you would like to study the subject and the degree you have chosen. Narrate how studying such degree would help you fulfill your life dreams and how you plan to impact humanity after your graduation.

\_\_\_I fully understand that the following terms and conditions apply;

1. That for me to be eligible to apply , I must be sure I am financially unable to support my education. Neither do I have any brother, sister, niece, nephew, aunt or uncle capable of sponsoring my education.
2. For this application to be accepted, I must have first applied and pay my first semester tuition fees, as a student of UACST. This application will not be processed if it is not submitted along with the UAcst application, registration and at least a semester tuition fees. Those who paid their one year tuition fees upfront on the day of registration will be given first-class preference.
3. Those doing one month to one year technical diploma or certificate are not eligible to apply.
4. Only the rector/ chancellor /deputy rector of UACST will determine how the qualified candidate for this scholarship will be chosen.
5. If you win the scholarship, only the tuition will be covered, you will be responsible to pay for your study materials, application fees, technology and lab, visas, flights, transportation, accommodation expenses for all internal and foreign internships and externships /workshops and et cetera not covered by the tuition.
6. Students who are granted partial scholarship, pays half the tuition, the conditions of item no 5 above also applies.
7. This scholarship if won, is not transferable to any other person beside the actual winner.
8. UACST will announce the official day of the scholarship draw, preferable on the official commencement/matriculation ceremony day.
9. A separate Scholarship Application fee of **N2000** must accompany this application.
- 10\_\_\_\_\_ I am aware that the UACST can terminate a scholarship award granted to the student, if the student failed to meet the academic and moral standards set forth by this institution for maintaining such scholarship on a continuous basis during the life of the scholarship.
- 11\_\_\_\_\_ I am aware that no refund is given once the student is registered and attended a class. This also is the case in a situation when the student is a distant- learner and has received lecture materials for the program.
- 12\_\_\_\_\_ I am aware that the university reserves the rights to change any of its terms and conditions without notice and cannot be held liable for doing so by the students 13. Having acknowledged, personally read, initialed and agreed with all the above terms and conditions, I have hereby append my official signature , \_\_\_\_\_ signed \_\_\_\_\_  
full name \_\_\_\_\_ DOB \_\_/\_\_/\_\_\_\_  
This \_\_ day of \_\_\_\_\_ 201\_\_
